Jhanavi Rathod
96656 92346 | rathodjd84@gmail.com | **LINKEDIN.COM**
Software Engineer | Java Full Stack | Cloud & Platform Engineering | AI-Assisted Development

PROFESSIONAL SUMMARY: Software Engineer with 3+ years of experience designing, developing, and supporting enterprise-scale applications using Java, Spring Boot, React, AWS, and cloud-native technologies. Experienced in full-stack development, platform engineering, DevOps collaboration, security compliance, automation, and client-facing technical engagements.

Strong background in building scalable backend services, implementing automated testing frameworks, supporting cloud infrastructure, and driving security initiatives including PCI compliance and vulnerability remediation. Leverages AI-assisted development practices, agentic engineering workflows, and modern software delivery methodologies to accelerate development and improve engineering productivity.

Passionate about building resilient systems, cloud-native architectures, and high-quality software solutions.

TECHNICAL SKILLS:

- **Programming Language:** Java, JavaScript, Python, SQL (MySQL, PostgresSQL)
- **Backend Technologies:** Spring Boot, Spring Security, REST APIs, Microservices, JPA/Hibernate JDBC Template
- **Frontend Technologies :** React.js, Redux, JavaScript ES6+
- **Cloud and Infrastructure:** AWS (EC2, S3, IAM, VPC, RDS, SGs), Infrastructure Fundamental, Cloud Security Concepts
- **DevOps & Platform Engineering:** Docker, Grafana, Log management, Release Management
- **Security & Compliance:** - PCI-DSS Compliance, Vulnerability Management, Secure Development Practices
- **AI & Engineering Productivity :-** Agentic Engineering, Vibe Coding, Prompt Engineering for Software Development
- **Collaboration & Leadership** :- Client Communication, Cross-Functional Collaboration, Technical Documentation

Professional EXPERIENCE:

Sarathi Softech Pvt Ltd — Software Engineer ***Apr 2023 to Present***
Project: Platform Engineering, Security & Compliance Initiatives ***August 2025 – Present***

- Acted as a key liaison between Engineering, DevOps, Security, and Client teams to drive technical initiatives and project delivery.
- Participated in system architecture discussions and infrastructure planning for scalable and secure platform solutions.
- Collaborated with DevOps teams on cloud infrastructure design, deployment strategies, monitoring, and operational excellence practices.
- Worked closely with clients and stakeholders to gather technical requirements, communicate solutions, and coordinate delivery activities.
- Played a critical role in PCI-DSS compliance initiatives, partnering with engineering and security teams to implement compliance controls and operational processes.
- Coordinated vulnerability assessment and remediation activities, ensuring timely resolution of security findings across applications and infrastructure.
- Supported security hardening initiatives, risk mitigation efforts, and compliance audits.
- Contributed to improving engineering workflows through AI-assisted development and agentic engineering practices.

Project: jBilling **April 2024- August 2025**

- Developed and maintained enterprise billing and subscription management applications using Java, Spring Boot, and React, delivering scalable features and production support for business-critical systems.
- Automated operational workflows and regression testing using Spring Boot and Cypress, integrating Slack/Email alerting to improve monitoring, incident response, and release reliability.

Project: Adennet ***March 2023 to April 2024***

- Strengthened application security by implementing JWT-based authentication in React applications and adopting secure coding practices to improve overall system resilience.
- Optimized deployment and operational efficiency through Cypress test automation, Docker log management, Grafana monitoring, and cross-functional collaboration with development, QA, and operations teams.

EDUCATION:

MSc. Computer Science **2024-2022**
Savitribai Phule Pune University
BSc. Computer Science **2019-2022**
Savitribai Phule Pune University *9.01 CGPA*
